Title: **CELEBRATING THE SUCCESS OF YOUNG GREENS ACROSS EUROPE**

Synopsis

Convention notes that over 200 young greens have been elected in regional elections across Belgium, the regions of Bavaria and Hesse in Germany, and national elections in Luxembourg and Sweden. We wish to congratulate the success of Young Greens who inspire Young Greens in England and Wales

Motion Text

1 Last weekend Young Greens were elected to the regional government in Hesse, this
2 has followed a trend where over the last few months Young Greens from Bavaria,
3 Walloon Flanders and across Luxembourg and Sweden have become the main
4 progressive force for young people in Europe. These Young Greens were supported
5 by their parent parties, given prominent positions on elected lists, setting a
6 strong example of how main parties can assist their youth wings.

7 Convention notes the successful election of activists from Grüne Jugend, Ecolo
8 J, Jong Groen, Déi Jonk Gréng and Grön Ungdom and congratulates them on
9 inspiring campaigns true to our shared green values. We look forward to their
10 continued success in next year's European election.

11 Convention asks EC to write to each of the Young Greens organisations listed
12 above to send our warm wishes and congratulations.
